Maximum: \$1 million; total purchase payments greater than \$1 million require Pacific Life home-office approval in advance.

Age Guidelines

Maximum Annuitant/Owner Issue Age: 85

Maximum Annuitization Age: 95

Please speak with your financial professional about specific age limitations.

Initial Guaranteed Periods

Choice of two initial guaranteed periods:

- Five or seven years.
- Set at contract issue.
- Initial interest rates and caps are guaranteed for the length of the initial guaranteed period chosen.
- Only one initial guaranteed period may be selected per contract.

After the initial guaranteed period expires, renewal interest rates and caps will be declared on each contract anniversary. The renewal rates and caps will never be less than the minimums stated in the contract.

All initial guaranteed periods may not be available at all times, in all states, or offered through all broker/dealers.

Withdrawal Charges & Fees

No annual contract, mortality & expense, or administrative fees.

	Contract Year							
	1	2	3	4	5	6	7	8+
Five Years (Charge per Withdrawal)	9%	8%	8%	7%	6%	0%		
Seven Years (Charge per Withdrawal)	9%	8%	8%	7%	6%	4%	4%	0%

Withdrawal charges apply only during the withdrawal charge period when the amounts withdrawn are more than those discussed in the "Withdrawals without Charge" section of this fact sheet.

All guarantees are subject to the claims-paying ability and financial strength of the issuing insurance company. Insurance products are issued by Pacific Life Insurance Company. Product availability and features may vary by state.

While ratings can be objective indicators of an insurance company's financial strength and can provide a relative measure to help select among insurance companies, they are not guarantees of the future financial strength and/or claims-paying ability of a company. The independent third party from which this annuity is purchased, including the broker/dealer, the insurance agency from which this annuity is purchased, and any affiliates of those entities, make no representations regarding the quality of the analysis conducted by the rating agencies. The rating agencies are not affiliated with the above-mentioned entities nor were they involved in any rating agency's analysis of the insurance companies.

Interest Breakpoints

The initial interest rates and caps will depend on the initial guaranteed period chosen and the total of all purchase payments received (minus withdrawals and applicable withdrawal charges) in the first year. Guaranteed rates and caps will never be set below the minimum stated in the contract.

The breakpoints that apply for all Interest-Crediting Options are:

- Less than \$100,000
 - \$100,000 and more
-

Interest-Crediting Options

You can allocate among one or more options:

- Fixed Account Option
 - Four Index-Linked Options
-

Fixed Account Option

- Interest credited daily.
 - The initial rate is declared at contract issue and guaranteed for the length of the initial guaranteed period.
 - The renewal rate will never be lower than the minimum guaranteed interest rate stated in the contract.
-

Index-Linked Options

Interest may be credited at the end of an index term depending on the amount of change in an index price. If there are additional purchase payments within the first 60 days after contract issue, interest will be credited proportionately based on the index return from the time the additional purchase payment is received to the end of the term. This period may be less than the time frames listed below.

Rates, renewal caps, and declared interest rates will never be set below the minimum or above the maximum stated in the contract. Pacific Life determines, at its discretion, rates, renewal caps, and declared interest rates in excess of the minimum guaranteed in the contract.

Four Indexed-Linked Options

S&P 500® Index	MSCI EAFE® Index (Europe, Australasia, and the Far East)
I-Year Point-to-Point Option (with cap)	I-Year Point-to-Point Option (with cap)
I-Year Performance-Triggered Index Option	I-Year Performance-Triggered Index Option

Transfers

- Effective on a contract anniversary.
 - Transfer the value from the Fixed Account Option and expired index terms to any available Index-Linked Option or the Fixed Account Option.
-

Guaranteed Minimum Surrender Value

- The Guaranteed Minimum Surrender Value is equal to 91% of purchase payments (minus any withdrawals), accumulated at a fixed interest rate, which is set at contract issue.
- Calculated at full withdrawal, death, or annuitization.
- You are guaranteed to receive the greater of the contract value (minus applicable optional benefit charges, a market value adjustment (MVA), and/or withdrawal charges) or the Guaranteed Minimum Surrender Value.
- Guaranteed for the life of the contract.

Withdrawals Market Value Adjustments (MVAs)

If either of the following occur during the withdrawal charge period, an MVA may apply (in addition to any applicable withdrawal charge fees):

- Withdrawals in excess of 10% of the prior anniversary's contract value (10% of purchase payments in the first year).
- Annuitization of the contract value.

The MVA is based on a formula designed to respond to interest-rate movements. As a general rule, if interest rates have stayed the same or risen since the contract was issued, the MVA can reduce the amount withdrawn. If interest rates have fallen, the MVA can increase the amount withdrawn, up to a specified maximum. In no event will the MVA cause the withdrawal amount to be less than the Guaranteed Minimum Surrender Value.

There is no MVA assessed on withdrawals made after the withdrawal charge period has expired.

The MVA may not apply in all states.

Withdrawals without Charge

Withdrawals are permitted 30 days after contract issue. In the first contract year, 10% of the total purchase payments is available with no withdrawal charge or MVA. In subsequent years, 10% of the previous contract anniversary's contract value is available annually with no withdrawal charge or MVA.

In addition, the withdrawal charge and the MVA will be waived for:

- Required minimum distribution (RMD) withdrawals (only if calculated by Pacific Life).
- Withdrawals after the first contract year if the owner or annuitant is diagnosed with a terminal illness (life expectancy of 12 months or fewer).
- Withdrawals after 90 days of contract issue if the owner or annuitant is confined to an accredited nursing home for 30 days or more, as long as the confinement to a nursing home began after the contract was issued. Not available in Massachusetts.
- Death benefit proceeds.
- Annuity income payments (available after the first contract year; an MVA may apply).

Note: For Index-Linked Options, no interest is earned or credited on amounts withdrawn prior to the end of an index term.

Annuity withdrawals and other distributions of taxable amounts, including death benefit payouts, will be subject to ordinary income tax. For nonqualified contracts, an additional 3.8% federal tax may apply on net investment income. If withdrawals and other distributions are taken prior to age 59½, an additional 10% federal tax may apply. A withdrawal charge and an MVA also may apply. Withdrawals will reduce the contract value and the value of the death benefits and the Guaranteed Minimum Surrender Value.

**Annuity
Income
Options**

- The amount annuitized is equal to the greater of the contract value or the Guaranteed Minimum Surrender Value.
- Index-linked interest is credited on a proportionate basis to the contract value upon annuitization or death.
- Available one year after contract issue. An MVA may apply.
Payout options available:
 - Life Only
 - Joint and Survivor Life
 - Life with Period Certain (up to 30 years¹)
 - Period Certain (up to 30 years¹)
 - Single Life or Joint Life with Cash Refund
 - Single Life or Joint Life with Installment Refund

**Standard
Death
Benefit**

For no additional cost, the standard death benefit can help protect an amount for your beneficiaries and may avoid the cost and delays of probate. If death occurs before annuity income payments begin, the standard death benefit is equal to the greater of the contract value or the Guaranteed Minimum Surrender Value and is paid upon the death of the first owner or last annuitant. Pro rata index-linked interest is credited to the contract value on the Notice Date (the date Pacific Life receives the death benefit claim in good order).

**Optional
Death
Benefit**

Interest Enhanced Death Benefit is an optional benefit that guarantees your death benefit will grow annually by the amount of interest credited to your contract, plus an additional 2%, for either 20 years or until age 85, or in New Jersey, Ohio, Oregon, Pennsylvania, Utah, and Washington, until the maximum roll-up amount of 250% of total purchase payments (adjusted proportionately for withdrawals) is reached, whichever is earlier. The charge for this benefit is 0.40% of the Death Benefit Base deducted annually from your contract value (not the Death Benefit Base). Your beneficiaries will receive the greater of your Interest Enhanced Death Benefit Base or the standard death benefit amount upon your death. This optional benefit is subject to state and broker/dealer availability and variations. Please refer to the *Interest Enhanced Death Benefit* brochure for more information and work with your financial professional to determine if this optional benefit is appropriate for your financial needs.

¹For qualified contracts, the maximum length of time for the Period Certain options may be less than 30 years, if necessary, to comply with required minimum distribution (RMD) regulations for annuities.
