Important Notes to Performance Information

Performance data is historical and cannot predict or guarantee future results. Principal value and investment return will fluctuate with market conditions, and you may have a gain or loss when you withdraw your money. Inception dates of the funds may have preceded the effective dates of the subaccounts, contracts or their availability in all states.

When reviewing the index comparisons, please keep in mind that indexes have a number of inherent performance differentials over the funds. First, unlike the funds, which must hold a minimum amount of cash to maintain liquidity, indexes do not

have a cash component. Second, the funds are actively managed and, thus, are subject to management fees to cover salaries of securities analysts or portfolio managers in addition to other expenses. Indexes are unmanaged and do not include any commissions or other expenses typically associated with investing in securities. Third, indexes often contain a different mix of securities than the fund to which they are compared. Additionally, please remember that indexes are simply a measure of performance and cannot be invested in directly.

Franklin Founding Funds Allocation VIP Fund

This annual report for Franklin Founding Funds Allocation VIP Fund covers the fiscal year ended December 31, 2017.

Class 2 Performance Summary as of December 31, 2017

Average annual total return of Class 2 shares* represents the average annual change in value, assuming reinvestment of dividends and capital gains. Average returns smooth out variations in returns, which can be significant; they are not the same as year-by-year results.

Periods ended 12/31/17	1-Year	5-Year	10-Year
Average Annual Total Return	+11.98%	+8.64%	+4.70%

*The Fund has an expense reduction contractually guaranteed through 4/30/18. Fund investment results reflect the expense reduction; without this reduction, the results would have been lower.

*Performance reflects the Fund's Class 2 operating expenses, but does **not** include any contract fees, expenses or sales charges. If they had been included, performance would be lower. These charges and deductions, particularly for variable life policies, can have a significant effect on contract values and insurance benefits. See the contract prospectus for a complete description of these expenses, including sales charges.*

Performance data represent past performance, which does not guarantee future results. Investment return and principal value will fluctuate, and you may have a gain or loss when you sell your shares. Current performance may differ from figures shown.

Total Return Index Comparison for a Hypothetical \$10,000 Investment (1/1/08-12/31/17)

The graph below shows the change in value of a hypothetical \$10,000 investment in the Fund over the indicated period and includes reinvestment of any income or distributions. The Fund's performance* is compared to the performance of the Standard & Poor's® 500 Index (S&P 500®) and the MSCI World Index. One cannot invest directly in an index, and an index is not representative of the Fund's portfolio. **Please see Important Notes to Performance Information preceding the Fund Summaries.**

Fund Goal and Main Investments

The Fund seeks capital appreciation, with income as a secondary goal. Under normal market conditions, the Fund invests equal portions in Class 1 shares of Franklin Income VIP Fund, Franklin Mutual Shares VIP Fund and Templeton Growth VIP Fund.

Fund Risks

All investments involve risks, including possible loss of principal. Because the Fund invests in underlying funds that may engage in a variety of investment strategies involving certain risks, the Fund may be subject to these same risks. Stock prices fluctuate, sometimes rapidly and dramatically, due to factors affecting individual companies, particular industries or sectors, or general market conditions. Bonds are affected by changes in interest rates and the creditworthiness of their issuers. Bond prices generally move in the opposite direction of interest rates. Thus, as prices of bonds adjust to a rise in interest rates, the Fund's share price may decline. Higher yielding, lower rated corporate bonds entail a greater degree of credit risk compared to investment-grade securities. Foreign investing carries additional risks such as currency and market volatility and political or social instability, risks that are heightened in developing countries. Value securities may not increase in price as anticipated or may decline further in value. The Fund's prospectus also includes a description of the main investment risks.

Performance Overview

You can find the Fund's six-month total return in the Performance Summary. In comparison, the S&P 500 generated a +21.83% total return and the MSCI World Index produced a +23.07% total return for the same period.¹

Economic and Market Overview

The global economy grew moderately during the 12-month period under review. In this environment, global developed and emerging market stocks generated a +24.62% total return, as measured by the MSCI All Country World Index.¹ Global markets were aided by price gains in oil and other commodities, generally upbeat economic data across regions, the European Central Bank's (ECB's) extension of its monetary easing program, and investor optimism about pro-growth and

pro-business policies in the US. The prospect for reforms in the European Union (EU) with Emmanuel Macron's election as France's president, encouraging corporate earnings reports and the passage of the US tax reform bill also supported global stocks.

However, global markets reflected investor concerns about the terms of the UK's exit from the EU, political uncertainty in the US and the EU, and geopolitical tensions in the Korean peninsula and other regions. Other concerns included the health of European banks, global oil oversupply despite a pact by major oil-producing countries to extend production cuts, and comments from key central bankers around the world about potentially raising interest rates.

After strengthening in 2017's second and third quarters, the US economy moderated in the fourth quarter. The economy grew faster in 2017 than in 2016, however, largely due to growth in consumer spending, business investment and exports. The unemployment rate decreased from 4.7% in December 2016 to 4.1% at period-end.² Annual inflation, as measured by the Consumer Price Index, was 2.1% in December 2016, and while it varied over the 12-month period, remained unchanged at period-end.² The US Federal Reserve (Fed) raised its target range for the federal funds rate 0.25% three times during the period, amid signs of a growing US economy, strengthening labor market and improving business spending. At its December meeting, the Fed confirmed that the monthly balance sheet reduction would increase from US\$10 billion to US\$20 billion beginning in January 2018.

The dollar value, number of shares or principal amount, and names of all portfolio holdings are listed in the Fund's Statement of Investments (SOI).

In Europe, the UK's economic growth moderated in 2017 compared to 2016, largely due to slower growth in the services sector. In November, the Bank of England raised its key policy rate 0.25%, its first increase in a decade. The eurozone's growth accelerated in 2017's second and third quarters, but moderated in the fourth quarter. However, the eurozone's 2017 economic growth rate was the fastest in a decade. The bloc's annual inflation rate, while low, ended higher than in December 2016. The European Central Bank (ECB) kept its benchmark interest rate unchanged during the period. However, at its October meeting, the ECB extended the time frame for its massive bond-buying program from December 2017 to at least September 2018, while reducing the amount of monthly bond purchases in half beginning in January 2018.

In Asia, Japan's quarterly gross domestic product (GDP) grew for the seventh consecutive quarter, although third-quarter 2017 growth was lower than the previous quarter. The Bank of Japan left its benchmark interest rate unchanged during the period and continued its monetary stimulus measures.

In emerging markets, Brazil's quarterly GDP grew for the third consecutive quarter, although third-quarter 2017 growth slowed from the previous quarter. The country's central bank cut its benchmark interest rate several times during the period to spur economic growth. Russia's GDP grew in 2017's first three quarters compared to the prior-year periods, amid the Bank of Russia's continued policy support. China's GDP grew faster in 2017 than in 2016, supported by solid growth in industrial production, services, fixed-asset investment, retail sales, and imports and exports. The People's Bank of China left its benchmark interest rate unchanged during the period. Overall, emerging market stocks, as measured by the MSCI Emerging Markets Index, rose substantially during the period.

Investment Strategy

The Fund normally invests its assets in an equally weighted combination of Class 1 shares of Franklin Income VIP Fund, Franklin Mutual Shares VIP Fund and Templeton Growth VIP Fund. These underlying funds, in turn, invest in a variety of U.S. and foreign equity securities and, to a lesser extent, fixed income and money market securities. As market conditions affect the underlying funds, we rebalance the Fund's allocations seeking to maintain equal weightings of approximately 33⅓% of total net assets in each underlying fund whenever the actual allocations exceed plus or minus 3% of the fixed allocation percentages.

Manager's Discussion

The Fund's performance can be attributed largely to its allocation among the underlying funds and their investments in domestic and foreign equities, fixed income securities, and short-term investments and other net assets.

During the 12 months under review, Franklin Income VIP Fund – Class 1 and Franklin Mutual Shares VIP Fund – Class 1 underperformed the S&P 500. Templeton Growth VIP Fund – Class 1 underperformed the MSCI World Index.

Thank you for your participation in Franklin Founding Funds Allocation VIP Fund. We look forward to serving your future investment needs.

The foregoing information reflects our analysis, opinions and portfolio holdings as of December 31, 2017, the end of the reporting period. The way we implement our main investment strategies and the resulting portfolio holdings may change depending on factors such as market and economic conditions. These opinions may not be relied upon as investment advice or an offer for a particular security. The information is not a complete analysis of every aspect of any market, country, industry, security or the Fund. Statements of fact are from sources considered reliable, but the investment manager makes no representation or warranty as to their completeness or accuracy. Although historical performance is no guarantee of future results, these insights may help you understand our investment management philosophy.

Class 2 Fund Expenses

As an investor in a variable insurance contract (Contract) that indirectly provides for investment in an underlying mutual fund, you can incur transaction and/or ongoing expenses at both the Fund level and the Contract Level: (1) transaction expenses can include sales charges (loads) on purchases, surrender fees, transfer fees and premium taxes; and (2) ongoing expenses can include management fees, distribution and service (12b-1) fees, contract fees, annual maintenance fees, mortality and expense risk fees and other fees and expenses. All mutual funds and Contracts have some types of ongoing expenses. The table below shows Fund-level ongoing expenses and can help you understand these costs and compare them with those of other mutual funds offered through the Contract. The table assumes a \$1,000 investment held for the six months indicated. Please refer to the Fund prospectus for additional information on operating expenses.

Actual Fund Expenses

The table below provides information about the actual account values and actual expenses in the columns under the heading “Actual.” In these columns the Fund’s actual return, which includes the effect of ongoing Fund expenses but does not include the effect of ongoing Contract expenses, is used to calculate the “Ending Account Value.” You can estimate the Fund-level expenses you paid during the period by following these steps (*of course, your account value and expenses will differ from those in this illustration*): Divide your account value by \$1,000 (*if your account had an \$8,600 value, then $\$8,600 \div \$1,000 = 8.6$*). Then multiply the result by the number under the headings “Actual” and “Fund-Level Expenses Paid During Period” (*if Fund-Level Expenses Paid During Period were \$ 7.50, then $8.6 \times \$ 7.50 = \64.50*). In this illustration, the estimated expenses paid this period at the Fund level are \$64.50.

Hypothetical Example for Comparison with Other Mutual Funds

Under the heading “Hypothetical” in the table, information is provided about hypothetical account values and hypothetical expenses based on the Fund’s actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund’s actual return. This information may not be used to estimate the actual ending account balance or expenses you paid for the period, but it can help you compare ongoing costs of investing in the Fund with those of other mutual funds offered through the Contract. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of other funds offered through the Contract.

Please note that expenses shown in the table are meant to highlight ongoing costs at the Fund level only and do not reflect any ongoing expenses at the Contract level, or transaction expenses at either the Fund or Contract levels. In addition, while the Fund does not have transaction expenses, if the transaction and ongoing expenses at the Contract level were included, the expenses shown below would be higher. You should consult your Contract prospectus or disclosure document for more information.

Share Class	Beginning Account Value 7/1/17	Actual (actual return after expenses)		Hypothetical (5% annual return before expenses)		Net Annualized Expense Ratio ²
		Ending Account Value 12/31/17	Fund-Level Expenses Paid During Period 7/1/17–12/31/17 ^{1,2}	Ending Account Value 12/31/17	Fund-Level Expenses Paid During Period 7/1/17–12/31/17 ^{1,2}	
Class 2	\$1,000	\$1,049.70	\$1.81	\$1,023.44	\$1.79	0.35%

1. Expenses are equal to the annualized expense ratio for the six-month period as indicated above—in the far right column—multiplied by the simple average account value over the period indicated, and then multiplied by 184/365 to reflect the one-half year period.

2. Reflects expenses after fee waivers and expense reimbursements. Does not include any ongoing expenses of the Contract for which the Fund is an investment option or acquired fund fees and expenses.

Notes to Financial Statements

Franklin Founding Funds Allocation VIP Fund

1. Organization and Significant Accounting Policies

Franklin Templeton Variable Insurance Products Trust (Trust) is registered under the Investment Company Act of 1940 (1940 Act) as an open-end management investment company, consisting of eighteen separate funds and applies the specialized accounting and reporting guidance in U.S. Generally Accepted Accounting Principles (U.S. GAAP). Franklin Founding Funds Allocation VIP Fund (Fund) is included in this report. The Fund invests primarily in other funds of the Trust (Underlying Funds). Shares of the Fund are generally sold only to insurance company separate accounts to fund the benefits of variable life insurance policies or variable annuity contracts. The Fund offers three classes of shares: Class 1, Class 2 and Class 4. Each class of shares may differ by its distribution fees, voting rights on matters affecting a single class and its exchange privilege.

The accounting policies of the Underlying Funds are outlined in their respective shareholder reports. A copy of the Underlying Funds' shareholder reports is available on the U.S. Securities and Exchange Commission (SEC) website at sec.gov or at the SEC's Public Reference Room in Washington, D.C. The Underlying Funds' shareholder reports are not covered by this report.

The following summarizes the Fund's significant accounting policies.

a. Financial Instrument Valuation

The Fund's investments in financial instruments are carried at fair value daily. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. The Fund calculates the net asset value (NAV) per share as of 4 p.m. Eastern time each day the New York Stock Exchange (NYSE) is open for trading. Under compliance policies and procedures approved by the Trust's Board of Trustees (the Board), the Fund's administrator has responsibility for oversight of valuation, including leading the cross-functional Valuation Committee (VC). The VC provides administration and oversight of the Fund's valuation policies and procedures, which are approved annually by the Board. Investments in the Underlying Funds are valued at their closing NAV each trading day.

b. Income Taxes

It is the Fund's policy to qualify as a regulated investment company under the Internal Revenue Code. The Fund intends to distribute to shareholders substantially all of its taxable income and net realized gains to relieve it from federal income and if applicable, excise taxes. As a result, no provision for U.S. federal income taxes is required.

The Fund may recognize an income tax liability related to its uncertain tax positions under U.S. GAAP when the uncertain tax position has a less than 50% probability that it will be sustained upon examination by the tax authorities based on its technical merits. As of December 31, 2017, the Fund has determined that no tax liability is required in its financial statements related to uncertain tax positions for any open tax years (or expected to be taken in future tax years). Open tax years are those that remain subject to examination and are based on the statute of limitations in each jurisdiction in which the Fund invests.

c. Security Transactions, Investment Income, Expenses and Distributions

Security transactions are accounted for on trade date. Realized gains and losses on security transactions are determined on a specific identification basis. Estimated expenses are accrued daily. Dividend income and realized gain distributions by Underlying Funds are recorded on the ex-dividend date. Distributions to shareholders are recorded on the ex-dividend date. Distributable earnings are determined according to income tax regulations (tax basis) and may differ from earnings recorded in accordance with U.S. GAAP. These differences may be permanent or temporary. Permanent differences are reclassified among capital accounts to reflect their tax character. These reclassifications have no impact on net assets or the results of operations. Temporary differences are not reclassified, as they may reverse in subsequent periods.

Common expenses incurred by the Trust are allocated among the Funds based on the ratio of net assets of each Fund to the combined net assets of the Trust. Fund specific expenses are charged directly to the Fund that incurred the expense.

The Fund indirectly bears its proportionate share of expenses from the Underlying Funds. Since the Underlying Funds have varied expense levels and the Fund may own different proportions of the Underlying Funds at different times, the amount of expenses incurred indirectly by the Fund will vary.

Franklin Founding Funds Allocation VIP Fund (continued)

Realized and unrealized gains and losses and net investment income, excluding class specific expenses, are allocated daily to each class of shares based upon the relative proportion of net assets of each class. Differences in per share distributions by class are generally due to differences in class specific expenses.

d. Accounting Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

e. Guarantees and Indemnifications

Under the Trust's organizational documents, its officers and trustees are indemnified by the Trust against certain liabilities arising out of the performance of their duties to the Trust. Additionally, in the normal course of business, the Trust, on behalf of the Fund, enters into contracts with service providers that contain general indemnification clauses. The Trust's maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Trust that have not yet occurred. Currently, the Trust expects the risk of loss to be remote.

2. Shares of Beneficial Interest

At December 31, 2017, there were an unlimited number of shares authorized (without par value). Transactions in the Fund's shares were as follows:

	Year Ended December 31,			
	2017		2016

3. Transactions with Affiliates

Franklin Resources, Inc. is the holding company for various subsidiaries that together are referred to as Franklin Templeton Investments. Certain officers and trustees of the Fund are also officers and/or directors of the following subsidiaries:

Subsidiary	Affiliation
Franklin Templeton Services, LLC (FT Services)	Administrative manager
Franklin Templeton Distributors, Inc. (Distributors)	Principal underwriter
Franklin Templeton Investor Services, LLC (Investor Services)	Transfer agent

Franklin Founding Funds Allocation VIP Fund (continued)

3. Transactions with Affiliates (continued)

a. Administrative Fees

The Fund pays an administrative fee to FT Services of 0.10% per year of the average daily net assets of the Fund for administrative services including monitoring and rebalancing the percentage of the Fund's investments in the Underlying Funds.

b. Distribution Fees

The Board has adopted distribution plans for Class 2 and Class 4 shares pursuant to Rule 12b-1 under the 1940 Act. Under the Fund's compensation distribution plans, the Fund pays Distributors for costs incurred in connection with the servicing, sale and distribution of the Fund's shares up to 0.35% per year of its average daily net assets of each class. The Board has agreed to limit the current rate to 0.25% per year for Class 2. The plan year, for purposes of monitoring compliance with the maximum annual plan rates, is February 1 through January 31.

c. Transfer Agent Fees

Investor Services, under terms of an agreement, performs shareholder servicing for the Fund and is not paid by the Fund for the services.

d. Investments in Underlying Funds

The Fund invests in Underlying Funds which are managed by affiliates of the Fund's administrative manager, FT Services. The Fund does not invest in Underlying Funds for the purpose of exercising a controlling influence over the management or policies.

Investments in Underlying Funds for the year ended December 31, 2017, were as follows:

Underlying Funds	Number of Shares Held at Beginning of Year	Gross Additions	Gross Reductions	Number of Shares Held at End of Year	Value at End of Year	Dividend Income	Realized Gain (Loss)	Net Change in Unrealized Appreciation (Depreciation)
Non-Controlled Affiliates

Total Affiliated Securities					\$1,009,703,925	\$29,113,345	\$ 32,208,741	\$57,408,783

^aIncludes realized gain distributions received.

e. Waiver and Expense Reimbursements

FT Services has contractually agreed in advance to waive or limit its fees and to assume as its own expense certain expenses otherwise payable by the Fund so that the expenses (excluding distribution fees, and acquired fund fees and expenses) for each class of the Fund do not exceed 0.10%, based on the average net assets of each class (other than certain non-routine expenses or costs, including those relating to litigation, indemnification, reorganizations, and liquidations) until April 30, 2018. Total expenses waived or paid are not subject to recapture subsequent to the Fund's fiscal year end.

4. Expense Offset Arrangement

The Fund has entered into an arrangement with its custodian whereby credits realized as a result of uninvested cash balances are used to reduce a portion of the Fund's custodian expenses. During the year ended December 31, 2017, there were no credits earned.

Franklin Founding Funds Allocation VIP Fund (continued)

5. Income Taxes

The tax character of distributions paid during the years ended December 31, 2017 and 2016, was as follows:

	2017	2016
Distributions paid from:		
Ordinary income	\$28,262,149	\$37,605,296
Long term capital gain	40,386,165	32,481,089
	\$68,648,314	\$70,086,385

At December 31, 2017, the cost of investments, net unrealized appreciation (depreciation), undistributed ordinary income and undistributed long term capital gains for income tax purposes were as follows:

Cost of investments	\$741,115,882
Unrealized appreciation	\$310,303,878
Unrealized depreciation	(41,715,835)
Net unrealized appreciation (depreciation)	\$268,588,043
Undistributed ordinary income	\$ 29,272,402
Undistributed long term capital gains	20,173,515
Distributable earnings	\$ 49,445,917

Differences between income and/or capital gains as determined on a book basis and a tax basis are primarily due to differing treatment of wash sales.

6. Investment Transactions

Purchases and sales of Underlying Funds (excluding short term securities) for the year ended December 31, 2017, aggregated \$13,000,000 and \$120,637,180, respectively.

7. Credit Facility

The Fund, together with other U.S. registered and foreign investment funds (collectively, Borrowers), managed by Franklin Templeton Investments, are borrowers in a joint syndicated senior unsecured credit facility totaling \$2 billion (Global Credit Facility) which matured on February 9, 2018. This Global Credit Facility provides a source of funds to the Borrowers for temporary and emergency purposes, including the ability to meet future unanticipated or unusually large redemption requests. Effective February 9, 2018, the Borrowers renewed the Global Credit Facility for a one year term, maturing February 8, 2019, for a total of \$2 billion.

Under the terms of the Global Credit Facility, the Fund shall, in addition to interest charged on any borrowings made by the Fund and other costs incurred by the Fund, pay its share of fees and expenses incurred in connection with the implementation and maintenance of the Global Credit Facility, based upon its relative share of the aggregate net assets of all of the Borrowers, including an annual commitment fee of 0.15% based upon the unused portion of the Global Credit Facility. These fees are reflected in other expenses in the Statement of Operations. During the year ended December 31, 2017, the Fund did not use the Global Credit Facility.

Franklin Founding Funds Allocation VIP Fund (continued)

8. Fair Value Measurements

The Fund follows a fair value hierarchy that distinguishes between market data obtained from independent sources (observable inputs) and the Fund's own market assumptions (unobservable inputs). These inputs are used in determining the value of the Fund's financial instruments and are summarized in the following fair value hierarchy:

- Level 1 – quoted prices in active markets for identical financial instruments
- Level 2 – other significant observable inputs (including quoted prices for similar financial instruments, interest rates, prepayment speed, credit risk, etc.)
- Level 3 – significant unobservable inputs (including the Fund's own assumptions in determining the fair value of financial instruments)

The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level.

For movements between the levels within the fair value hierarchy, the Fund has adopted a policy of recognizing the transfers as of the date of the underlying event which caused the movement.

At December 31, 2017, all of the Fund's investments in financial instruments carried at fair value were valued using Level 1 inputs. For detailed categories, see the accompanying Statement of Investments.

9. Subsequent Events

The Fund has evaluated subsequent events through the issuance of the financial statements and determined that no events have occurred that require disclosure other than those already disclosed in the financial statements.

Report of Independent Registered Public Accounting Firm

To the Board of Trustees of Franklin Templeton Variable Insurance Products Trust and Shareholders of Franklin Founding Funds Allocation VIP Fund

Opinion on the Financial Statements

We have audited the accompanying statement of assets and liabilities, including the statement of investments, of Franklin Founding Funds Allocation VIP Fund (the "Fund") as of December 31, 2017, the related statement of operations for the year ended December 31, 2017, the statement of changes in net assets for each of the two years in the period ended December 31, 2017, including the related notes, and the financial highlights for each of the five years in the period ended December 31, 2017 (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Fund as of December 31, 2017, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period ended December 31, 2017 and the financial highlights for each of the five years in the period ended December 31, 2017 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Fund's management. Our responsibility is to express an opinion on the Fund's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Fund in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits of these financial statements in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. Our procedures included confirmation of securities owned as of December 31, 2017 by correspondence with the transfer agent. We believe that our audits provide a reasonable basis for our opinion.

Tax Information (unaudited)

Franklin Founding Funds Allocation VIP Fund

Under Section 852(b)(3)(C) of the Internal Revenue Code (Code), the Fund hereby reports the maximum amount allowable but no less than \$40,386,165 as a long term capital gain dividend for the fiscal year ended December 31, 2017.

Under Section 854(b)(1)(A) of the Code, the Fund hereby reports 42.90% of the ordinary income dividends as income qualifying for the dividends received deduction for the fiscal year ended December 31, 2017.

At December 31, 2017, the Fund, a qualified fund of funds under Section 852(g)(2) of the Code, received an allocation of foreign taxes paid from one or more of its underlying funds. The Fund elects to treat foreign taxes paid as allowed under Section 853 of the Code. This election will allow shareholders of record as of the 2018 distribution date, to treat their proportionate share of foreign taxes paid by the underlying funds as having been paid directly by them. The shareholder shall consider these amounts as foreign taxes paid in the tax year in which they receive the Fund distribution.

*We base the number of portfolios on each separate series of the US registered investment companies within the Franklin Templeton Investments fund complex. These portfolios have a common investment manager or affiliated investment managers.

**Gregory E. Johnson is considered to be an interested person of the Fund under the federal securities laws due to his position as an officer and director of Franklin Resources, Inc. (Resources), which is the parent company of the Fund's investment manager and distributor. Rupert H. Johnson, Jr. is considered to be an interested person of the Fund under the federal securities laws due to his position as officer and director and major shareholder of Resources.

Note 1: Rupert H. Johnson, Jr. is the uncle of Gregory E. Johnson.

Note 2: Officer information is current as of the date of this report. It is possible that after this date, information about officers may change.

The Sarbanes-Oxley Act of 2002 and Rules adopted by the Securities and Exchange Commission require the Fund to disclose whether the Fund's Audit Committee includes at least one member who is an audit committee financial expert within the meaning of such Act and Rules. The Fund's Board has determined that there is at least one such financial expert on the Audit Committee and has designated John B. Wilson as its audit committee financial expert. The Board believes that Mr. Wilson qualifies as such an expert in view of his extensive business background and experience, including service as chief financial officer of Staples, Inc. from 1992 to 1996. Mr. Wilson has been a Member and Chairman of the Fund's Audit Committee since 2007. As a result of such background and experience, the Board believes that Mr. Wilson has acquired an understanding of generally accepted accounting principles and financial statements, the general application of such principles in connection with the accounting estimates, accruals and reserves, and analyzing and evaluating financial statements that present a breadth and level of complexity of accounting issues generally comparable to those of the Fund, as well as an understanding of internal controls and procedures for financial reporting and an understanding of audit committee functions. Mr. Wilson is an independent Board member as that term is defined under the relevant Securities and Exchange Commission Rules and Releases.

The Statement of Additional Information (SAI) includes additional information about the board members and is available, without charge, upon request. Shareholders may call (800) DIAL BEN/342-5236 to request the SAI.
